Data based on 2nd Quarter 2007 reference period. A blank cell means data not available or releasable. See Technical Notes for additional information.

http://www.bls.gov/oes/current/oes_tec.htm

Prepared by the Arizona Department of Commerce, Research Administration in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics, June 2008

Annual wages have been calculated by multiplying the hourly mean wage by a "year-round, full-time" hours figure of 2,080 hours (52 weeks X 40 hours / week); for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported survey data.

Hourly wage rates for occupations where workers typically work fewer than 2,080 hours per year are not available.

Prepared by the Arizona Department of Commerce, Research Administration in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics, June 2008

Annual wages have been calculated by multiplying the hourly mean wage by a "year-round, full-time" hours figure of 2,080 hours (52 weeks X 40 hours / week); for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported survey data.

Hourly wage rates for occupations where workers typically work fewer than 2,080 hours per year are not available.
